COLLISION OF TRAINS.

Two Passengers Train Run Together Near St. Louis.

EIGHT PEOPLE INSTANTLY KILLED

More Than Thirty Others Injured, Three of Whom Will Probably Die—The Killed Were All From St. Louis—The Wreck Was Due to Disobedience or Neglect of Orders.

St. Louis, Oct. 26.—Shortly before 10 o'clock yesterday forenoon two passenger trains on the St. Louis and San Francisco railroad collided nearly opposite Windsor Station, about 13 miles from this city, instantly killing eight persons and injuring more than 30, three of whom will probably die.

The killed are all of St. Louis. Their names are:

Adolph Hohl, engineer of the accommodation train.
Charles Mobine.
Conrad Kuntz.
C. C. Blevins.
H. Thall.
Barney McKenna, in charge of the refreshments.

Maud McKenna, aged 14, his daughter.

John Ertwright.

The following are those most seriously injured:

Ferdinand Lange, St. Louis, internal injuries.

David Carrey, St. Louis, internal injuries, head cut and legs bruised.

J. E. Riblet, St. Louis, hips and legs injured.

Charles R. Milentz, St. Louis, scalp wounds.

Frank Hasler, St. Louis, late of Springfield, Mo., fireman on excursion train, spinal cord injured and hurt internally.

Mrs. J. B. McDaniel, St. Louis, slightly injured.

George Wulff of Kirkwood, conductor of suburban train; hips injured and body bruised.

Robert Mulholland of Spring Park, brakeman on suburban train slightly injured.

George Atwood, St. Louis, conductor on suburban train, slightly injured.

Joseph A. Dryden, Springfield, Mo., engineer excursion train, skull fractured and badly scalped.

Frederick Miller, Valley Park, fireman on suburban train, legs injured and body bruised.

A. K. Smith, Valley Park, baggage-man on suburban train, head cut and hand and arms injured.

Mrs. A. K. Smith, Valley Park, injured by shock.

Matt Wapplehorst, Valley Park, slightly injured.

Peter Hill, St. Louis, face cut and badly bruised.

Robert Langen, William Sulter, Henry Larborg, Louis Hunt, Henry McMichael, Mrs. Rose Hill, all of St. Louis, more or less injured.

The collision occurred between the second section of an excursion train bound west and the Frisco valley park accommodation eastbound. From what can be learned the accident was the result of disobedience or neglect of orders on the part of the excursion crew, who should have remained at Spring park for orders and let the accommodation through.

The excursion train was the second section of a special bound for St. James, Mo., 100 miles west of St. Louis, where the Missouri home for aged veterans was dedicated yesterday under the auspices of the G. A. R. and Womens' Relief Corps.

The first section had gone through safely and the second, which consisted of 11 coaches heavily laden with G. A. R. men, their wives and children, left St. Louis about 9 o'clock. According to J. D. Dishman, the telegraph operator and station agent at Spring Park, it should have stopped at that place. Instead of doing so the second section passed by the station and soon after met the accommodation coming down grade at full speed.

Engineer Hohl of the accommodation was not aware that the second section was on the road, and in trying to make the switch at Kirkwood, crashed into the ill-fated train in a cut, just 13 miles from the St. Louis Union station. There was only one car, a combination baggage and coach, on Engineer Hohl's train, but the collision was terrific, both engines being demolished and a number of the cars telescoped. The wreckage was piled high on the track, and above the sound of escaping steam could be heard the cries of the frightened and injured passengers.

Next to the engine of the excursion train was the commissary car, filled with refreshments. Barney McKenna was in charge of the edibles, and with him was his 14-year-old daughter Maud. Both were instantly killed, being scalded and crushed. A number of passengers, mostly young men, were grouped around the temporary counter, eating and drinking. Almost all were either killed or injured. This and the next car in which were 70 passengers suffered the worst damage, and most of the killed and injured were taken from them.

Engineer Hohl of the accommodation, which was running on time, was killed and his fireman, Frank Hasler, badly wounded.

Immediately after the wreck occurred people began to come from all directions on wheels, in buggies and wagons and on foot and within an hour after the accident thousands could be seen grouped around the pile of debris. No wrecking train was available, but everybody turned to and in short time had rescued the injured and taken out the dead. Doctors from surrounding towns hurried to the scene and rendered what assistance they could to the suffering who were transported to places of safety.

All the medical resources of St. Louis were placed at the disposal of the Frisco railroad as soon as the news of the accident reached the city dispensary. Dr. Starklof, the city physician, immediately set out for the scene of the wreck with a corps of assistants and ambulances, but owing to the delay experienced their services were not needed.

At 2:40 o'clock in the afternoon the relief train bearing the survivors of the wreck reached the Union station and was immediately besieged by a crowd of friends and relatives. Some of the wounded were removed to their homes by friends, while others were taken to various hospitals. Among the latter were three whose injuries will probably prove fatal.

J. D. Dishman, the telegraph operator and station agent at Spring Park, stated to a reporter that had the excursion train stopped at Spring Park for orders, as it should have done, the accident would have been averted. He said he got a message from Valley Park when the accommodation train left that point, and he added that had the excursion train stopped he would have had it pull into the switch until the accommodation passed. Dishman said that he was in his office when the excursion passed at a high rate of speed. He said that he knew that the two trains would come together, but that he was powerless to avert the accident.

STARTLING CONFESSION.

An Old Lady Shot and an Attempt Made to Burn Her Body.

CORNISH, Me., Oct. 26.—On Oct. 5 Mrs. Etsy R. Hobbs was found dead. She lived alone about one and a half miles from Effingham, N. H. When found the house was burning and her body was half cremated.

The mystery was cleared Saturday by the confession of Charles Savage. He accuses Frank J. Palmer of the murder. A coroner's jury has brought in a verdict against Palmer of murder in the first degree. Savage was held as a witness. Palmer is 16 years of age and lives at West Parsonsfield. Savage is 20 years of age.

At the inquest Charles Savage unflinchingly withstood a half hour's cross-questioning, but at last the officer discerned a suspicion of weakening and persistent questions were rapidly put to the boy till he finally succumbed and related a tale implicating himself and Frank Palmer in the murder and attempted cremation of Mrs. Hobbs. He and Palmer, he said, had been drinking together the day before the tragedy. Monday morning Savage took his breech-loading shotgun to go shooting. They called at Mrs. Hobbs'. Savage left Palmer in the house, while he went to the woodshed on an errand. While there he heard the report of a gun and soon after found Mrs. Hobbs bleeding upon the doorstep.

Palmer soon appeared and with an oath declared that now he had squared the grudge he owed her for pulling \$3 out of him in payment for the glass he broke in her house three years ago. Palmer asked Savage to help him carry the body into the house. He says he was so frightened he did not realize what he was doing, but they got the body into the house. Savage then took to the woods, being shortly overtaken by Palmer, who declared that nobody would ever know what happened, for he had set the house afire.

LIVELY CORPSE.

A Supposed Dead Man Sits Upright and Asked What Was the Matter.

JEFFERSONVILLE, Ind., Oct. 26.—William Gray, aged 27, after several days' illness, died to all appearances at Chestnut Hill Saturday. While the mourning relatives were awaiting the arrival of the undertaker the supposed corpse sat upright, asked the cause of grief, and in an unconcerned manner declared his intention to get well and vote at the November election.

Gray, previous to his illness, was a man of robust constitution, and is numbered among the best known men in Washington county, where he has resided all his life. He is a farmer by occupation, and when he was first taken sick his disease baffled the skill of physicians. His apparent demise was not a surprise to those about him, but when he regained consciousness those that witnessed his actions were struck with awe. They firmly believed at the time that he was really dead.

Gray's relatives and friends are strongly of the opinion that his restoration to health is assured. The case is the first of the kind chronicled from this section since the death of Mrs. Keely, who died in this city a few years ago. Her body was held for several days, many believing her in a state of coma at the time.

COUNTERFEITING AMERICAN TEETH.

BERLIN, Oct. 26.—Artificial teeth have been hitherto imported into Germany from America, and the Prussian government has spent 50,000 marks in experiments to discover the methods of American manufacture. A chemist named Weinand lately succeeded in making teeth closely resembling the American article, and a large factory at Pforzheim is now engaged in manufacturing them.

Mother and Five Children Drowned.

DENVER, Oct. 26.—While Andrew J. Spate, with his wife and five children, were boating on Smith's lake, a small body of water within the southern limits of the city, late yesterday afternoon, the boat was by some means overturned and Mrs. Spate and her five children were drowned. Spate is a grocer.

Circles around the moon are sometimes large and sometimes small because they are formed at different heights in the air.

SLAYING THE SEALS.

At the Present Rate They Will Soon Be Extirminated.

SCIENTIFIC INQUIRY WAS MADE.

Expert Commissioners Have Just Returned From the North Pacific and Bering Seas and Will Soon Make Their Report—England May Aid Us in Protecting the Seals Hereafter.

WASHINGTON, Oct. 26.—The expert commission which was appointed by direction of congress to visit the seal islands and make a scientific inquiry into the condition of the seal herds of the North Pacific and Bering sea has returned to this country and their report is now nearly complete, awaiting only some figures showing the catch of pelagic sealers the past season. The United States commissioners, Messrs. Jordan, Lucas and Stejneger, were accompanied by a British commission composed of Messrs. d'Arcy, Thompson and Maccoan, but while these gentlemen pursued their inquiries in company and frequently compared notes, the two commissions will make independent reports to their respective governments and there can be no joint action.

On one point of the utmost importance the United States and British commissioners appear to be in agreement; namely, that without reference to the causes which have brought the seal herds to their present alarmingly depleted condition, the further operations of pelagic sealers will prove disastrous and threaten the extermination of the seals. This is a most important concession on the part of the British, as in the correspondence which led up to the reference of the question to these expert commissions Lord Salisbury's contention has been that the seal pirates inflicted little or no damage upon the herds compared with the losses sustained through the annual killing of seals on the Pribilof islands by the North American Seal company.

It is true that the Canadian and British experts were inclined to the belief that the present condition of the herds was in a large measure chargeable to the operations of the seal company in 1889 and prior years, when they were permitted to kill as many as 100,000 seals annually on the islands. As the commission will report independently the nature of the remedy to be recommended can not be known yet. The American commissioners would favor a total suspension of pelagic sealing if possible, and while it is hardly probable that the British would be willing to concede this much, it is believed that they may be disposed to recommend further restrictions upon pelagic sealing, either by extending the boundaries of the closed zone, lengthening the close season or both, perhaps.

The Russian and Japanese governments having seals of their own to protect are interesting themselves on our side of the case. The commissions visited the Russian Commander islands, as well as the Japanese islands, in the pursuit of their inquiry. A Russian representative is already in the United States to follow up the matter, and with the active co-operation of these governments in our interest it is hoped that the British will be disposed to consent to further restrictive measures, particularly as the time is now ripe owing to the almost total failure of the pelagic sealers to make paying catches the past summer.

PASSED THE CENTURY MARK.

Death of a Colored Woman Who Reached the Great Age of 116.

CHILLICOTHE, O., Oct. 26.—Catherine Cushmanberry, a colored woman, died here Saturday at the remarkable age of 116 years. She was born in Fauquier county, Va., in 1780, and the records of the county show that in 1792, at the age of 12 years, she was purchased by a man named Craig, living near Moorefield, in what is now West Virginia. She passed through a number of hands after that, until 1862, at which time she was the property of Mrs. Sarah Dyer of Pendleton county, W. Va.

Previous to that time she had 12 children, and one of them, George Herbert, had purchased his freedom and moved to this city. In 1862, after a long search, he located his mother in Pendleton county and purchased her freedom for \$125. She has lived in this city ever since with two of her sons. The whereabouts of all her other children are utterly unknown. She has been entirely blind for 30 years, but has retained her mental faculties to a remarkable degree up to within the past three months. She was considered in many ways to be the most remarkable character living in this city.

Banished For Twenty Years.

St. PETERSBURG, Oct. 26.—Ex-Pope Tolstoi of the Russian church, who was recently deposed from the priest's functions because he had refused to clear himself of an accusation that he had been converted to Catholicism, has been arrested at Moscow and taken to Nijni, where he was condemned by a church tribunal to seven years' banishment from St. Petersburg and Moscow and was forbidden to hold any state office for 20 years.

THE HAGUE, Oct. 26.—Queen Wilhelmina took her first communion yesterday in the presence of her mother, the queen regent, the court, civil and military officials and a large concourse of people. General Von Hahnke has arrived with a gift from Emperor William for the young queen.

PRISONERS ESCAPE.

Six Desperate Men Dig Out of the Louisville Jail.

LOUISVILLE, Oct. 26.—Another daring jail delivery was perpetrated last night at the county jail shortly before 5:30 o'clock, and six desperate prisoners made their escape. The delivery was supposed to be a wholesale one, in which every prisoner confined on the third floor of the old jail was to get out, but the watchfulness of the turnkeys prevented this, and only the six men escaped.

The men who got out are as follows: Jake Brill, convicted counterfeiter, having a sentence of six years to serve.

Harry Brooks, convicted of robbing a postoffice and having a sentence of four years to serve.

Tom McKensie, charged with house breaking and having had no trial.

William McKensie, charged with house breaking and awaiting trial.

Tom Kelly, charged with house breaking and awaiting trial.

Ves Saterly, charged with cow stealing and awaiting trial.

All of the men were white and were considered desperate prisoners and who would hesitate at nothing.

They gained their liberty by scraping the mortar from between the bricks in cell No. 5, letting the bricks fall into the interior of the cell, and in this manner they got a hole large enough to climb through.

One at a time they made their way out of the hole and climbed up onto the roof. Then with the means of a short rope they let themselves down into a narrow alley between the wall of the jailyard and an abutment of the new jail and escaped.

None of the escaped prisoners had been captured.

This is the second jail delivery in Louisville within the last year, seven prisoners making their escape on last Christmas day.

AN ALGERIAN EXPEDITION.

The French Preparing to Capture an Oasis by Force.

PARIS, Oct. 26.—A formidable expedition is being organized in southern Algeria, with the object of taking definite possession of the fertile oasis of Tonat, which has long been nominally a French possession.

It was originally intended that the expedition should consist of 3,000 men, but the number has now been reduced to 1,600 of the rank and file and 70 officers. More than 1,000 camels and nearly 400 horses will be employed, and the commissariat will be organized on a large scale in consequence of the unproductive character of much of the country that has to be traversed.

An expedition of this character has been in contemplation for some time by the French government, and it is expected that such a considerable display of force will have the effect of preventing all opposition from the native tribes which have not yet submitted to French rule.

MAN AND WIFE SHOT.

Mormons Blamed For a Shooting Affair in Kentucky.

WEST LIBERTY, Ky., Oct. 26.—Mormon elders have been holding meetings in Elliott county, and Elit Isom and his family joined the church. Friday night three young men of the name of Sparks declared that they would break up the Mormon business, and started for the meeting. They stopped at the home of Bill Isom and demanded admittance. They were admitted, but when Isom learned their mission he put them out and shut the door.

The young men fired through the doors and windows. Elit Isom was shot twice in the breast and Mrs. Isom was shot in the abdomen. The injuries to both are considered fatal. The Sparks fled after the shooting, and have not been captured. The Mormons are blamed for the whole trouble, and indignation against them is strong.

AGAINST RUSSIA.

Germany Is Now Preparing to Discriminate Against the Czar Again.

BERLIN, Oct. 26.—The foreign office has resolved to renew the order forbidding the handling of Russian government paper on the German bourses, unless the Russian government abandons its hostile tariff measures against German exports.

Such an order was issued by Prince Bismarck in 1887 and remained in force until 1894. In the meantime less serious retaliatory tariff measures are being planned and the prohibition against the import of Russian cattle, hogs, etc., will be rigorously enforced.

EXPULSED FOR HERESY.

The Illinois Presbyterian Synod's Action in Mr. Vrooman's Case.

DANVILLE, Ills., Oct. 26.—By a vote of 15 to 8 the Presbyterian synod of Illinois has expelled the Rev. Frank B. Vrooman of Chicago. The charges against him were purely questions as to his orthodoxy.

They were first brought forward before the Chicago presbytery last spring, the decision then being overwhelmingly in his favor. The case was then brought before the state synod.

Mr. Vrooman is a son-in-law of General John G. Black, ex-United States commissioner of pensions.

Dr. Tanner Is Not a Corpse.

TERRE HAUTE, Oct. 26.—The Dr. Henry Q. Tanner who is reported to have lost his life in a fire at Akron, O., is not Dr. H. S. Tanner of fasting fame. That Dr. Tanner is now at Robinson, Ill., and he has been heard from within the past few days.

COTTON MILLS BURNED

Largest Dressgoods Manufactory in Lawrence, Mass.

STOCK AND GOODS DAMAGED

Four Thousand Five Hundred Operators Thrown Out of Work by the Disaster. The Loss Will Reach \$75,000, Fully Covered by Insurance—A Stubborn Blaze to Control.

LAWRENCE, Mass., Oct. 26.—The Washington mills, which form one of the largest cotton and dress goods manufacturing firms in the city, were badly damaged by fire which broke out about half an hour before midnight. Every fire engine in Lawrence was on the grounds for several hours and it was not until half past 1 this morning that the flames were subdued. Mill No. 4 and the drying room adjoining, where the fire started, were practically gutted and much of the stock and finished goods in the other mills were damaged by water.

The blaze was discovered at 11:40 by John McDonough, a watchman. It spread with great rapidity and at 11:50 a general alarm called out the entire city department. The flames by this time had spread from the drying room to the main part of mill No. 4, a structure 300 feet long, adjoining the four other large mills, and much valuable property. The fire spread from No. 4 mill to the weave and dry rooms in the rear and ignited the River mill on the banks of the canal. The flames were checked after a hard fight and the River mills sustained little damage except from water. The fire burned in No. 4 mill for several hours and left it in ruins.

The fire started by spontaneous combustion among the wool.

It is estimated that the loss to the Washington corporation will be \$65,000 and may possibly reach \$75,000. The loss is fully covered by insurance. About 4,500 operatives are employed by the plant when it is running to its full capacity and all will be thrown out of work for 10 days.

HIS EARTHLY WORK ENDED.

The Oldest Priest in America, Father Jaquet, Passes Away.

GALVESTON, Oct. 26.—Rev. J. M. Jaquet, widely known as the oldest priest in point of service in the United States, died in St. Mary's infirmary here Saturday. He was born in Gaucher, France, Aug. 20, 1817, and was ordained a priest by Cardinal Debonald at Lyons, Dec. 21, 1844. In 1845 he came to America, and was assigned to the diocese of Nashville. All of southeastern Tennessee was given to him for a parish. Today, one of the of the chief manufacturing cities of the south, Chattanooga, occupies the site of one of his first churches.

In 1855 Father Jaquet was transferred to the "see of Cincinnati" and assigned by Archbishop Purcell to the church at Beaver, O. There he remained 13 years. He adopted a boy there and taught and raised him. The boy he adopted is today Nicholas A. Gallagher, bishop of Galveston. From Beaver Father Jaquet was sent to Coshocton, where he remained 27 years, giving up his pastorate last May. Feeling that his life's course was nearly run he determined to end his days with the bishop whom as a boy he had taken under his protection. He came to Galveston.

Never in 50 years until two weeks ago had he been ill a day. Suddenly he began to fail and Saturday he died.

CHURCH DAMAGED BY FIRE.

With Rare Presence of Mind the Minister Prevents a Panic.

CHICAGO, Oct. 26.—By rare presence of mind the Rev. Dr. James Villa Blake saved his congregation from panic and possible awful results from a fire, which broke out just as the morning service was beginning at the Third Unitarian church yesterday, and which destroyed the main part of the building.

When the pastor took his place in the pulpit his attention was drawn to smoke in the lobby leading to the Sunday school room. He remained standing until the organist had ceased playing and then requested the congregation to retire quietly by the rear exits. His manner so reassured those assembled that a panic was averted. The church was almost entirely destroyed. The loss is placed at \$25,000.

Lumber Destroyed by Fire.

SAGINAW, Mich., Oct. 26.—Fire broke out early yesterday morning in the lumber piles on the mill plant premises of the Central Lumber company, at Zilwaukee, six miles down the river. It spread into a very large conflagration, which destroyed about 8,000,000 feet of lumber. The sawmill and salt works were in imminent danger, but were saved and only small buildings were burned. The fire departments of Saginaw and Bay City assisted in fighting the flames. The loss will approximate \$150,000, and is understood to be fairly covered by insurance.

Spain Wants No Interference.

LONDON, Oct. 26.—A Madrid dispatch to The Standard says: The press continue bitterly to resent and declare it impossible to admit in any shape or form United States interference in Cuba. The government is straining every nerve to bring the rebellion to a decisive issue. Orders have been sent to Captain General Weyler to this effect.

 Congress,
 W. LARUE THOMAS,
 of Mason.

Mr. BRECKINRIDGE says "the Republi-
 cans showed signs of getting better by
 nominating me." Wonder what the Re-
 publicans think about it.

ONE of the Covington papers stated that
 Secretary Carlisle was met by only two
 persons on his arrival at that point, and
 these were his brother and his friend
 Mr. Helm. That is where we got our in-
 formation, and we consider it reliable,
 Mr. "Witness" to the contrary.

Gov. BUCKNER was at Portage, Wis.,
 last week and some fellow yelled "Hurrah
 for the Rebel General." The Courier-
 Journal went into a fit of hysterics over
 this great "insult" offered the Governor.
 We submit that it is very likely some
 enthusiastic admirer of the Governor
 uttered the yell, and it was therefore far
 from an insult.

BOWLING GREEN, KY., October 24.—Sec-
 retary Carlisle has made a swing from
 one end of the State to the other in ab-
 solute safety; not a hair of his head has
 been harmed. He reached this city in
 time for early breakfast, after an all-night
 run. Only two men, Judge W. H.
 Dulaney and his brother Robert, met him
 at the station. There were no other
 persons on the platform except three
 young ladies wearing Bryan badges.

The Ledger's "Witness" will no doubt
 bob up and say this is a "lie out of whole
 cloth." It may be there were four men
 to meet Mr. Carlisle, as at Covington, in-
 stead of two.

This shows, more conclusively than
 words, that the Bryan party is the party
 of disorder, if not of absolute anarchy.—
 Public Ledger.

Now please give us your opinion of the
 outrageous treatment of Bryan by Yale
 students; also of the outrageous treat-
 ment of Democratic and free silver Re-
 publican speakers by Republicans at sev-
 eral points in Ohio and elsewhere.

If all these disgraceful doings don't
 show "more conclusively than words"
 that the McKinley party is "the party of
 disorder if not of absolute anarchy,"
 what do they show?

A HYPOCRITICAL CRY EXPOSED.

In his speech at Tammany Hall's rat-
 ification meeting on September 23rd, Sen-
 ator Thos. F. Grady, Tammany's orator,
 said:

"The money lenders call to their aid
 the money changers, who yell for the co-
 operation of the bankers, and these call
 for the assistance of every form of wealth,
 and when they have arrayed themselves
 as a solid phalanx in the defense of the
 unjust privileges they enjoy, turn about to
 you, to me, and to every Democrat, and
 ask: Are you going to array the poor
 against the rich?"

"TEAR IT DOWN!"

Urged Mayor McKisson of a Large Bryan
 Banner.

COSHOCTON, O., October 24.—Mayor Mc-
 Kisson, of Cleveland, O., and ex-Sec-
 retary of State Daniel J. Ryan addressed an
 assembly of less than 500, a majority of
 which was women, in the opera house
 this afternoon. During his address Mayor
 McKisson referred to a large Bryan and
 Sewall banner that is strung across Main
 street as "That anarchistic banner," the
 largest he had seen in the State, and ad-
 vised his hearers to tear it down before
 the 3d of November. More than 300 coal
 miners were in town on account of pay
 day, but not one of them appeared at the
 meeting, all having learned of McKis-
 son's attitude toward organized labor.

Why is it that one man is old and decrepit at
 45, and another hale and hearty at 80? It depends
 on the care he takes of himself. Often a man's
 body gets out of repair—the trouble grows until
 it lays him out in bed. Whenever a man feels
 that he is not well as he ought to be, whenever he
 is listless, without energy and without vitality,
 whenever he finds that he is losing weight and
 that his ordinary work gives him undue fatigue,
 he needs Dr. Pierce's Golden Medical Discovery.
 If he keeps on working with his liver inactive
 and his blood impure—he keeps his nerves and
 body under a constant nervous strain. He will
 not be hearty when he is old. The "Golden Med-
 ical Discovery" cures many so-called diseases be-
 cause nearly all illness springs from the same
 thing—bad digestion and consequent impure
 blood. The "Discovery" makes the appetite good,
 the digestion strong, assimilation easy, and the
 blood rich and pure.

NEBRASKA REPUBLICANS.

Many of Them Are For Bryan, the People's
 Grand Leader in This Campaign.

FRANKFORT, KY., October 24.—In a let-
 ter to a friend here, Hon. Robert W. Mc-
 Kee, of Tecumseh, Neb., a former Repub-
 lican, who has many acquaintances in
 Cincinnati, says of the situation in his
 State:

"In Omaha there was a Bryan club or-
 ganized last week in three days by bolt-
 ing Republicans, with 2,712 members.
 On last Saturday there was a Hebrew
 club came over to Bryan in a body. As
 for Palmer, his total vote in the State
 will not exceed 200. This is the hottest
 campaign I ever saw, and we have speak-
 ing every night. I was proud to be a
 Republican when Republican principles
 were voiced by Lincoln, Grant, Logan
 and Garfield. If I live to the 3rd of No-
 vember I will cast my vote for W. J.
 Bryan. Our stump speakers put Bryan's
 majority in this State at from 30,000 to
 40,000."

Mr. McKee resided in Illinois for
 many years, and held several positions of
 trust and honor in that State and in Ne-
 braska.

The "Broken Arm Racket."

A Blue Lick Springs correspondent
 writes to the Lexington Herald: "You
 will please advertise a man who is play-
 ing the broken arm racket; he is a fraud.
 He was here yesterday and said he was
 going to Lexington. He claims Paducah
 Ky., as his home, and gives the name of
 Edward Carroll. He is about twenty-
 eight years old; is quite fleshy, weighing
 about 190 pounds; carries his left arm in
 a sling. There are two other tramps
 with him. He has a plaster of paris tube
 in which he keeps his arm."

Almost Unanimous For Bryan.

Fifty-one men working a dirt road run-
 ning from South Ripley to Tuckahoe were
 polled last week and fifty were for Bryan

"Who Is the Anarchist, Bryan or Hanna?"
Sermon by Rev. Herbert N. Casson,
of Lynn, Mass.

[Exchange.]

The largest congregation ever seen at a Sunday service in any place of worship in Lynn, Mass., assembled to hear the Rev. Herbert N. Casson preach on the subject, "Who Is the Anarchist, Bryan or Hanna?"

The auditorium was crowded with people of all shades of political opinion, including leading Republicans, Democrats and Populists, several city officials, labor leaders and a delegation from the Bryan-Sewall-Williams club of Boston. The preacher's fame as a pulpit orator is not confined to New England alone. He spoke for two hours and roused his hearers to a high pitch of enthusiasm when he said that "Nebraska never had a better loved son than Bryan."

Mr. Casson said that as his sermon was a political one he would omit the reading of the Scripture lesson, and by way of preface read portions of several editorial articles bearing on his subject from the New York Journal. Mr. Casson said in part:

"The laws of prosperity are to be discovered, not constructed. The real legislator for whom this nation waits is he who shall find and dare to proclaim the perfect social order foreordained by justice from the beginning of the world. The real anarchist is he who seeks to violate the laws of nature for the exclusive benefit of a small fraction of the community."

"During the present campaign the epithet anarchist has been hurled at the heads of some of the noblest and most capable men that this generation has produced. The fierce searchlight of publicity has blazed upon these men for years, and not a single corrupt official act has ever been discovered."

"Bryan is caricatured, just as Lincoln was, as a highwayman, as a pirate, even as the devil, and in many similar ways. Whether Bryan's political views are entirely correct or not, who can deny that he is a citizen of whom any nation in the world might boast?"

"Whether we consider the sustained ability of his addresses, his gentlemanly endurance of slander and misrepresentation, his unsullied public career or the magnetism of his unaffected cordiality to the sweat stained masses that greet him at every depot, we cannot avoid admiring him as a sturdy specimen of our American manhood."

"Compare him with the gagged individual who trembles in his mortgaged house lest Hanna may foreclose. Compare him with that unfortunate Napoleon who has already met his Wellington and surrendered his convictions, and it is plain to see which best represents the principles of the Declaration of Independence."

"Bryan is the spokesman of the half awakened producers, who form nine-tenths of the population. He and his associates have revived the apostolic power of 'casting out devils', in the Democratic party and of raising the dead to life among the Republican rank and file."

"They have given us at last a real issue instead of a sham one, and though their remedy may seem inadequate to progressive thinkers it is in the right direction and in accordance with the people's will."

"During the last few years we have been rapidly developing a slave element in our population—a propertyless class, entirely dependent upon the sale of their labor. No longer does Jack hobnob with his master. The rich and poor do not live in the same quarter of the city. A second secession has split our society into two hostile elements, and it is childish to howl 'Anarchist' at the patriot who proclaims the unwelcome fact and seeks to weld the nation into unity again by repealing the laws that caused it to split asunder."

"America is the workingman's 'Paradise Lost,' and it can never be regained by passive obedience to the serpent."

"Our carpenters build magnificent mansions and live in rented tenements themselves. Our mechanics construct electric lights and use kerosene at home; they manufacture pianos and do not own a tin whistle; they build carriages and go afoot. Our miners dig gold and die poor; they delve in dangerous coal mines and lack fuel in the winter. Our farmers raise grain and want for food, export cotton and wool and lack clothing, sell cattle and are without meat."

"Our marvelous inventions have been monopolized so that, in spite of the daily miracles of our machinery, the hungry

still lack food and the homeless wander through the streets. Step by step the moneyless man is losing his right to exist. Every recent change in legislation has been made to protect property and to disfranchise men. Arminories are erected and schoolhouses forgotten. Immense grants of land are bestowed upon railroads, but the settlers upon those grants are evicted. Trades union leaders are imprisoned for having contempt for a contemptible judge, while monopolists are aided by injunction and federal troops."

"To-day Shakespeare has been revised and Shylock is the hero of the play. Portia's plea for mercy is called revolutionary and Bassanio is branded as a repudiator."

"There is hardly a trust or a syndicate that has inaugurated this campaign of threats and ridicule and object lessons that dares open up its own business career to the public."

"One of these defenders of law and national honor, the Standard Oil Company, has illegally increased freight rates, closed rivers and canals, destroyed inventions, bought up inspectors and put its stamp upon explosive oil, attacked the property of competitors and blown up rival refineries. Those trusts are religious at one end and murderous at the other."

"This law breaking, aggressive spirit of monopoly has found a perfect embodiment in the person of Mark Hanna."

"He to-day towers above McKinley and above the Republican party, the American Bluebeard who slays his workers instead of his wives."

"Give Hanna four years of power, and he will paint the White House black."

"He will utterly destroy every vestige of trades unionism, for he will have the army, the navy and the treasury at his command. He will discover that it is cheaper to abolish manhood suffrage than to buy votes, and next November may be the last chance that moneyless men ever may have to record their vote for President. Many Republican workmen are thoughtlessly going to the ballot box just as an ox goes to a barbecue—gayly decorated in honor of its own death."

"Mayor Pingree gave us a national motto when he said, 'Give the people what they want.' I am not one of those who regard the people as dangerous, covetous animals who must be chained and muzzled. The experiment of the referendum in Switzerland has proved that when the people are left entirely free they are naturally conservative. French revolutions never occur except when some King Louis has repressed the people and goaded them to resistance. 'I am the State,' said the boastful king, and the people replied with the guillotine."

"I trust in the common heart of all more than in the private scheming of any financial syndicate. I don't excuse the ignorance of the masses, I don't celebrate their poverty, I don't ignore their frailties, but I say that they are far nearer the truth regarding all social and political problems than those hoodlum students of Yale whose only argument is an insane college yell."

"It is time to co-operate and enjoy the creation of our hands; otherwise all the energy and daring and inventiveness of our fathers have come to naught. I do not believe that Columbus discovered America for Hanna or that the monopolist is the last and highest product of human evolution."

LLOYD-OSBORNE.

A Happy Nuptial Event Solemnized at Sunnyside, Near Dover, Wednesday, October 21st.

One of the happiest events of the season was the wedding of Miss Anna Augustus Osborne to Mr. Daniel Holton Lloyd, which took place at "Sunnyside," the palatial residence of the bride's grandfather, Mr. John W. Osborne, near Dover, October 21st, Rev. W. D. Rice officiating.

The bride was beautifully attired in white organdie over white satin. Miss Dee Worthington, sister of the bride, was maid of honor and Mr. C. A. Pickett was the groom's best man. The other attendants were Miss Louise Westfall, of Covington, Miss Anna Osborne, Miss Laura Lloyd, sister of the groom, Mr. Garrett Kerns, of Augusta, Mr. Hugh McClellan, of Lexington.

The house was handsomely and artistically decorated, while a band from a neighboring city discoursed delightful music during the ceremony. About 250 guests were present. An elegant repast was served after the ceremony. Quite a number of handsome and useful presents were received.

The beauty of the bride and that of her youthful attendants and the happy scene will long be a pleasant memory to those who were present.

The bridal couple left on a late train for a short tour.

ALL ABOARD.

Get on and Take in the Big Free Silver Rally at Manchester.

Col. Eddy, Major Blackburn, Judge Loudon, Col. Thomas, Judge Phister and Others to Speak.

The Democrats and other friends of free silver at Manchester are preparing for a big all-day rally at that point next Friday.

They have secured some of the ablest speakers to be had. Among them are Col. H. H. Eddy, of Denver, Major Chas. H. Blackburn, of Cincinnati, Judge D. W. C. Loudon, of Georgetown, and Col. W. LaRue Thomas and Judge Phister of this city.

A significant feature in the list of speakers is that Col. Eddy, Major Blackburn and Judge Loudon are all free silver Republicans. They are doing valiant and most effective work for Bryan and free coinage. Col. Eddy's speech here some weeks ago was probably the strongest and most effective delivered in Maysville this campaign.

Boats will carry passengers to this meeting at half fare.

The Maysville Band will furnish music. Mr. Thomas will speak in the forenoon, and will fill his appointments at Plumville and Orangeburg that afternoon and night.

AN OVATION TO THOMAS.

And It Was Tendered Him Right at Judge Pugh's Home Last Saturday—Other Meetings.

Mr. W. LaRue Thomas, Democracy's gallant leader in this Congressional contest, spoke at Vanceburg Saturday night and his reception was in the nature of a grand ovation. The court house was crowded, and the enthusiastic reception tendered him was all the more significant, because it was right at Judge Pugh's own home.

Mr. Thomas had authorized Judge Pugh to arrange for a joint debate between the two for last Saturday. They have met in every county in the district except Lewis, we believe, and Mr. Thomas desired to meet his opponent at Vanceburg also. Mr. Pugh not only failed to arrange for a debate, but was not present at all, being in this county at the time.

The Republicans, however, had an opposition meeting at the opera house, the speakers being Editor Davis, of this city, and Editor Drennen, of Vanceburg. But they didn't succeed in taking the crowd away from Mr. Thomas' meeting. Our information is that the Republican orators had a very small audience compared with the enthusiastic crowd that packed the house to hear Mr. Thomas.

Mr. Thomas very naturally feels greatly pleased at the cordial reception tendered him, and is satisfied that the Lewis County Democrats will send a good report on the evening of November 3rd.

Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at J. James Wood's drug store.

DANGEROUSLY INJURED.

Mr. George T. Hunter Meets With a Serious Accident at Gauley, W. Va., Sunday.

The many friends of Mr. George T. Hunter were shocked by the news of the very serious accident that befell him at Gauley, W. Va., Sunday afternoon.

He had boarded a C. and O. freight train in order to reach a station further along the road and make connection with the passenger train. A sudden slowing up of the train brought the cars together with considerable force, and he fell between the cars, the wheels cutting off his right foot above the ankle. In addition to this he received a severe contusion of the right eye and other injuries. His escape from instant death was a narrow one.

One of the railroad company's surgeons dressed his injuries and he was brought home on this morning's westbound express. He stood the trip as well as could be expected, and his physicians report him resting fairly well.

Mr. Hunter has the sincere sympathy of all in this sore misfortune.

It is learned since above was written that Mr. Hunter had to cross the river at Gauley to catch the passenger train. He missed the ferry, and was told to board a freight that was about crossing the bridge. He did so, and while on top of a car the train broke in two, and he was thrown between the sections. He struggled to get out of the way, but his leg was caught and so badly mangled, between the knee and ankle, that it had to be amputated. Dr. Muscroft performed the operation.

Mr. Hunter suffered greatly from the shock. It is not known yet whether he is injured internally or not.

Dr. Owens was summoned to Huntington last night and accompanied Mr. Hunter home from that point.

MORE TOLLGATES DESTROYED.

Raiders Get Rid of Every One in Franklin County, Kentucky.

FRANKFORT, Ky., Oct. 26.—The toll-gate raiders have not left a tollgate on a single pike in Franklin county undisturbed, and the owners of these roads are very much incensed at the destruction of their property, and will take such action as will bring the raiders to justice. Saturday night a mob of about 100 men came down the Lawrenceburg pike, destroying the tollgates as they entered Frankfort.

They then went out the Louisville pike from Frankfort, laying to the ground the gates as they rode along in the bright midnight moonlight, and defying interference by the tollgate keepers. The raiders are thought to have come from Anderson county and bordering on the Anderson and Franklin county line. Mr. Joseph Robinson, one of the largest stockholders on the Louisville road, was notified Saturday that the raiders were coming. Detectives have been put to work on the case and the next meeting of Franklin county grand jury will turn up some surprises.

HEAVY REGISTRATION.

The Vote in Ohio and Kentucky Will Be Phenomenally Large.

CINCINNATI, Oct. 26.—When the registration of voters closed in Kentucky recently, it was found that the increase was much larger than had ever been known before. The same is true with the registration which closed in the Ohio cities Saturday night.

The increase far exceeds all increase in population, and the percentage is so much higher than in any other year since registration was provided for that it is the general opinion that the vote in these two states will be phenomenally large. This belief is based on the fact that many who have not voted in former years have registered this year.

Disastrous Cotton Fire.

GALVESTON, Oct. 26.—The most disastrous cotton fire in the history of Galveston occurred early Saturday morning resulting in the destruction of 4,000 bales and the warehouse in which they were stored. Origin of the fire is not known. The warehouse was owned by W. F. Ladd. Loss on warehouse \$25,000; loss on cotton, \$135,000. Loss fully covered by insurance.

One Man Dead, Another Wounded.

RUSSELLVILLE, Ky., Oct. 26.—A disastrous battle Saturday night. Mean whisky and cards resulted in the death of one man and the probable death of another. Arch Proctor stabbed to death Aaron Crafton and seriously wounded his brother, Doc Crafton. The dead man was a noted jockey.

Hero of Snodgrass Hill Dead.

BLOOMINGTON, Ind., Oct. 26.—General Morton C. Hunter died yesterday morning of paralysis. He was the most honored citizen of Bloomington, and was distinguished both in civil and military life. He was the hero of Snodgrass Hill, and saved the day at Chicamauga. The funeral will occur Tuesday.

Cottell Gets a New Trial.

AKRON, O., Oct. 26.—The supreme court has granted a new trial to Romulus Cottell, who was sentenced to hang Nov. 6, for the murder of the Stone family, at Talmadge, last March. The case was reversed on error in the judge's charge regarding the evidence necessary to prove insanity.

It is customary with the gold contingent to deprecate any man who is for silver, when the fact is that a majority of the scholars, statesmen, thinkers and economic students of the old world favor free silver. —Senator Henry M. Teller.

Hanna's Methods.

Liberty and plutocracy are incompatible. If the few may control the means of livelihood of the many there can be no liberty. It is only necessary to look about us today and note the devices adopted for coercion of the people into support of Mark Hanna and his puppet to estimate how slender a shred of liberty the encroachments of plutocracy have left to the people. "Vote for Hanna," cry some to their employees, "or see wages cut and your positions forfeited." "Vote for our ticket," cry others, "or expect such a calling in of loans by our banks and trust companies that you will be ruined and your property put under the hammer." "Vote for us," cry others, "or we will build you no more elevated railroads, we will charge you more to carry your wheat and cotton to market, we will repudiate your insurance policies, we will even deny you a livelihood. Vote for our man or we brand you as anarchist and communist, and declare you should be shot down." —New York Journal.

CRISIS IN TURKEY.

Extensive Purchase of Arms During the Past Week.

LONDON, Oct. 26.—The Standard's Constantinople correspondent says: "The purchase of arms during the week has been most extensive and a feeling of vague uneasiness and alarm is spreading rapidly. The palace hopes to distract the attention of the Moslems in Constantinople from its own misdeeds by holding out a prospect of unlimited loot."

An Athens dispatch to the same paper says: "Reports from all parts of Turkey point to the complete dislocation of the administrative machine and an absence of all justice and public security. The envoys have sent a collective note to the porte of the strongest character in view of the critical situation."

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

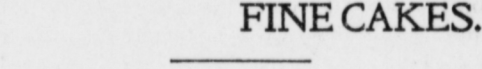

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
